RABINSON.S

ENROLLEE

About Me

I'm passionate about both cricket and technology. With a strong knowledge of the sport, I enjoy analyzing games and player stats. Alongside my love for cricket, I have a solid foundation in programming and web development, working with technologies like HTML, CSS, JavaScript, and frameworks like React and Node.js. I enjoy combining my tech skills with my sports knowledge, whether it's creating live score trackers or data-driven tools for analysis.
